2014-2015 SUMMER TRACK

OCTOBER 17, 2014

Please note
correct
positioning
of
race
number,
as pictured
above.

It should be
placed
on the
left side -
so that
it is
clearly
visible
to
the judges.

Thank you!

Welcome to 2014-2015 Season

Welcome everybody to another summer season of Track racing at Edwardstown.

Another year has come around very quickly and it's good to see the enthusiasm shown to get back on the Track and have some fun.

It was pleasing to see a good rollup to our information evening in late September where we went over the basic format of the evening and provided some guidance to proper track etiquette. This is necessary to keep everyone safe who is racing from the less experienced to the wily masters who enjoy the competitive urge when winding up in the back straight to get to the line first.

Again, these nights do not happen by themselves, so if you enjoy your racing, have a think about how you could help out in one of the volunteer roles for one of these evenings across the season. Our Track Co-ordinator, Cathy, will be happy to provide you with some guidance in the role that you can assist.

Our Club is also finalising its planning for the next three years, and over the next few weeks I would like to share with you some of our longer term objectives. So to start this information process, the following is what we see as our overall mission in the Club.

South Coast strives:

- to be the Club of choice for cycling providing quality key events
- to offer friendliness & be welcoming
- to provide development opportunities for members
- to ensure equality for all involved in the club
- to encourage a happy healthy lifestyle
- to actively engage our stakeholders

Any of our committee members would welcome feedback in any of these areas if you think we are not delivering in these areas.

Enjoy your 2014-15 summer track season here at Edwardstown.

David Schutz, President, South Coast Cycling Club

Volunteers required: <http://southcoastcycling.org.au/volunteers-required/>

Safety at the track is everyone's responsibility, even when you're not riding. Parents are reminded to teach their children the importance of looking for cyclists before they cross the track. We don't want any pedestrian vs. cyclist incidents.
