Cooper is a great SCC member and supporter; he always willing to help either on or off the track and always with a smile on his face although he does not say too much. He has inspired his father to come out from behind the BBQ to race. Cooper often puts his hand to cook the bbq on Friday nights and gives up his racing and does a great job cooking the sausages. When racing he will always do the extra lap or join in to make up numbers for a junior or senior team.
