

SCC RIDERS IN SUPER SERIES 2022

For a club of our size we definitely punched above our weight with the number of riders who participated in this years series.

We had 24 riders competing in the series overall with pretty much every grade covered.

Some outstanding performances of note & as with teams racing not everyone gets on the podium but contributions to team work & team results are so important.

Well done to all riders who rode the series especially those from SCC, Juniors and Seniors alike.

The list of riders below was gathered from the official results on the Super Series website.

If we have missed any SCC riders pls let us know.

All riders below were sent an email asking for a comment on how their series went, thoughts & maybe a pic.

For those who didn't provide an email response - we hope to get some feedback from you next yr ;-)

Thank you to @rideadelaide for the pic of Matt Fox on the front working hard at Unley amongst the Elite Men.

Elite Women

Meg Marker

Unfortunately took a turn of sickness before the series & was unable to race.

We all know how talented Meg is & for sure he will be back showing speed as always.

Elisabeth Green

After last years success at the East End circuit Elisabeth represented her team "Butterfields Racing Team" with flying colours. A notable string performance in the TTT at The Bend helped the team snare 3rd place.

Ella Sibley

An outstanding series overall where Ella finished in 3rd place with 3 3rd placings notable in addition to gaining points for her and "Inform TMX Make" team in all 6 events. Very consistent indeed.

Mirella Willis Hell

In an extremely high quality field of Elite Women riders Mirella finished the TTT helping her team "Butterfields" into 3rd place at The Bend. She was also strong at the East End circuit finishing right in the middle of a strong bunch.

Elite Men

Angus Miller

Another fine series from Angus finishing in 8th place overall. An important part of a strong "SASI Cycling Team" he was instrumental part in helping the team into 2nd place at the round 1 TTT.

Then he backed up with an impressive 3rd place in the road race on the same weekend at The Bend. Also a top ten at Moonta crit was a superb effort in a full on race around the town square.

Matt Fox

"After being away and the weather causing race cancellations I only got to ride 2 of this years super series. It is great to have strong race opportunities in SA and I look forward to it continuing and growing."

Matt had 2 great top ten results out of the 2 races he did at the East End and Unley.

Those who are in the know will tell you Matt is on the rise in Elite company.

Cat 1 Men

Jarrold Currie

Finishing in 12th place overall Jarrod is an endurance beast amongst his "Keystone Cycling" team mates.

He was pivotal in gaining points for the team and individually in rounds 1, 2 & 7... an impressive part of a 2nd place TTT at The Bend and an equally impressive 4th place in the Unley Crit.

Luke Wight

A star in the "JKT Personal Dental Care" team in the series finishing overall in 2nd place of the individual category. With 2 individual wins in the crits the East End Race was an impressive victory in addition to Unley honours.

Cat 2 Men

Connor Doyle

A young rider in this category Connor was awesome in his "Van D'am p/b Butterfields" team colours finishing overall individually in 3rd place. Of note a win on the demanding Unley circuit highlights the talent to burn that Connor has.

Cat 2 Women

Penny May

On the move up the ranks at a rapid rate Penny had a terrific series finishing high up 3rd place. Scoring points in every round - A team TTT win in round one, followed by a 5th, 3rd, 2nd, 5th, & 4th over the rounds makes Penny one of the most consistent in any grade for the series. Nice work indeed Penny.

Cat 2 Masters

Louis Van Der Berg

A key workhorse for the "Transitions Drivewear" team helping a team mate to 3rd place overall. Anybody who knows will be happy to sit on his wheel - Louis is an absolute endurance beast.

Bryan McIntyre

"It was awesome to be a part of the 'Team EnviroSport' for the series with a great bunch of blokes. Thank you to AusCycling SA for running a great series."

Michael Piasente

New to racing Michael proved from round one that he is on the up & up proving to be a strong rider as a part of "Team EnviroSport".

Often seen on the front with a line of riders drafting him (he makes a great windbreak so get on his wheel soon!!!) watch out for Michael building upon a solid series.

Will Dickeson

A name that many will remember from the very successful "Savings & Loans Team" it was great to see Will out there on the bike once again.

Cat 3 Men

Jacob Koop

With solid top ten finishes in rounds 1, 2 and 3 Jacob showed some solid form for his team "JKT Personal Dental Care"

Harry Snodgrass

A solid contributor in The Bend TTT, Harry played a part in securing some points for his team "JKT Personal Dental Care"

Junior A

Ava Schmitke

A great series scoring points in 3 of the 4 junior races on offer.

After Unley Ava said..."One of the hardest races I've ever ridden but managed to start strong and hang with some pretty speedy lads in the second break. After a few stages of mixed results, it was awesome to put it all out there for Unley and finally get the win I was chasing...Finished 6th overall in junior A for the series and 2nd in the girls class!!"

Leani Van Der Berg

Another star in the making Leani had a great series being the overall winner for u17 women.

Add that to winning 2 races outright, Leani is another SCC member in the rise banking a very successful 2022 on road & track. Keep it up Leani we are loving your progress.

Thomas Watts

Accruing individual points in 3 of the 4 rounds, Thomas performed well with a noteworthy 5th place in round one. Nice work Thomas.

Junior B

Luca Schmitke

Scoring some good points in rounds 1, 2 and 3 finishing in 4th place overall for Junior B.

Well done Luca we love your work.

Tyler Cunniff

5th place for the series overall is a great result & no surprises there.

Tyler had 2 4th places in the 3 races with good points in the other round.

A fast rider on the track & regular at Etown also, Tyler it's great watching your progress.

Junior C

Joel Gooley

With Three rounds for the juniors, Joel managed a 3rd at the first round at the Bend, just missed out on a place at the 2nd round at East End

and out of the places at a tough short and weather effected Unley course.

He ended up equal 4th Overall in a tough field this year with some strong competition.

A pocket rocket & seeing him move up the ranks will be great viewing - great stuff Joel.

Henry Brown

Another pocket rocket amongst our juniors, Henry gained some great points results in 2 of the 3 rounds. A 7th place in round 1, and an 8th in round 2 saw Henry amongst it at the pointy end in tough competition.

Another Etown regular we love seeing Henry progress - he is another who obviously loves riding his bike & it shows.
