ENTER THROUGH - ENTRY BOSS

<https://entryboss.cc/races/17367>

In order to maximize the daylight we have at this stage of the calendar

- BE READY TO LINE UP PROMPTLY WHEN IT'S YOUR TURN TO RACE – listen to the official & be ready to get onto the track – quickly so we can keep things moving
- After the race finish riders must continue to hold their line until it is safe to move to the top of the track.
- EXIT THE TRACK IMMEDIATELY AFTER YOUR RACE IS DONE – 1 lap is enough after you finish your race - exit the track once they come around to the front straight after the finish of their race.
- Never cross the track while a race is in progress. Wait until the race has ended before crossing the track. Always look before crossing the track, as slower riders may still be finishing a race or trying to access the gate to leave the track. RESPECT OTHERS !!!
