South Coast Cycling Club Junior Tour

4th-5th July 2026

McLaren Vale Region, South Australia

Including the U15 & U17, Santini Junior Road Series, South Australia

Proudly sponsored by:

Welcome

The beautiful Fleurieu Peninsula in the Southern Vales region in South Australia offers some of the best cycling in Australia and it is alive with spectators and the world's best cyclists each year during the Tour Down Under. This excitement and atmosphere will be replicated by our junior cyclists during the 2026 South Coast Cycling Junior Tour.

The tour will be based in the Southern Vales region amongst McLaren Vales Vineyards, repeating a number of the courses used in last year's race, along with a new Wickham Hill, hill climb time trial to decide the overall GC. The district has fantastic facilities and plenty for the supporting families to do before and after the racing.

This event, in its 56th year, has a strong history of seeing junior cyclists competing at the highest level in conditions and courses similar to that of the Elite World Tour cyclists. This year has been modelled to give all the juniors a chance to shine with 2 x Road stages, Time trial, and a Hill Climb for all U19, U17 & U15 age and gender groups. U13's will compete on Day 1 only with the Road & Time trial, with the Hill Climb TT on the Sunday as a standalone event.

Catering

South Coast Cycling Club will run a BBQ on both days with food and drinks available for purchase. Please keep an eye on our socials for opening times and food offered.

Safety

All stages will take place on open roads, so will be subject to all relevant road laws. Please always be mindful of other road users and local residents.

Important notes for riders

- Riders are reminded that weather conditions can vary throughout a race. Thus, suitable race clothing should be worn to cater for the conditions and any potential change to the conditions.
- You should also have a change of clothes available at the completion of each race.
- It is the rider's sole responsibility to ensure that they eat and drink in sufficient quantity for the event
- To ensure no riders are left on-course, all riders who abandon a race must immediately return to finish line and formally note their abandonment with Commissionaires.
- Please feel free to communicate any safety concerns to the Race Director should you observe any concerns on race day.
- No riders are to be on the Race Circuits within 10 minutes of Race Start times, or during the events

Important notes for Spectators, Coaches, Handlers & Parents

- For the safety of riders, pedestrians, road users, and the general public, please follow directions of officials. They will be wearing fluorescent vests
- In an attempt to reduce congestion and minimize impact on the community, rider parents and supporters are not permitted to follow the race (unless they are part of the official race convoy). Unauthorised following vehicles may attract a penalty to riders associated with the vehicle
- Spectators are strongly discouraged from travelling on the courses in the same direction as the race. Please be aware that stages 2 (TT) and 3 (McLaren Flat stage) use roads in both directions. In order to ensure safety of competitors and officials, please make all reasonable efforts to use alternative routes to access vantage points
- When watching events, keep off the asphalt, and stay away a safe distance from the edge of the road-shoulder. Do not watch from bends or in potential vehicle / rider runoff areas
- Allow Race Officials a clear view of finishing riders

We take very seriously the behaviour of all competitors while racing on open roads, as any incidents can have a direct impact on the feasibility of all future events that use open roads. Commissaires will be strongly encouraged by race organisers to closely monitor- and if necessary, penalise- any unsafe or inconsiderate behaviour. Any penalties or disqualifications imposed by commissaires for such behaviour will be supported by race organisation.

A reminder to parents and carers of riders driving in and around the event that you also are required to follow traffic control signs and directions given by traffic controllers. Again, please always be mindful of other road users and local residents.
